EXPERIENCE:

Salesforce

January 2015- Present

San Francisco, CA

Developer(Member of Technical Staff)

- Worked on both front end (Aura framework) and back end code (used MVC design pattern) for the Salesforce Financial Services App. The app sits on top of the Salesforce platform and manages client financials for users in an organized and intuitive way
- Worked on the Salesforce platform itself by adding new features
- Participated in design discussions with lead engineers

Design Within Reach

December 2014 – January 2015

San Francisco, CA

Developer(Temp)

- Developed Visualforce pages and used the Angular framework to create a friendly UI for customers to search and place orders for furniture

Terrace

December 2013 – November 2014

San Francisco, CA

Developer

- Worked on developing and testing Sure Broker, a Salesforce app designed to handle the accounting aspects of insurance

ForeFront Corp

June 2012-November 2013

Fair Haven, NJ

Cloud Apps Developer

- Leveraged Apex programming coupled with Visualforce to create custom web-based solutions catered to each client's needs
- Actively participated in the planning phase of projects with clients to ensure a smooth development process

SKILLS:

- Proficient with Apex Programming, SOQL, Aura, and Salesforce CRM
- Proficient with Git. Experience with Jenkins.
- Proficient with HTML, CSS, JavaScript, and AJAX. Experience with React and Angular.
- Strong with Java and Python
- Experience with Node and PHP.
- Experience with Cisco CLI

EDUCATION:

Rensselaer Polytechnic Institute (RPI) Troy, NY

May 2012

- B.S. in Computer Science.
- B.S. in Business Management
